

SWBS HOSPITALITY ROOM POLICY

Hospitality rooms at multi-day events have proven to be very popular. The hospitality room gives us a chance to relax and visit with our fellow members. Individual hosts will determine if a hospitality room is viable, and the times it will be open.

The hospitality room may be a hotel/motel room (suite or meeting room if possible) where the majority of the attendees are staying, or at a separate location.

Most previous hosts have provided beer, wine, and sometimes liquor for the hospitality room. This is not a requirement, and is at the discretion of the hosts. If alcoholic beverages are not provided the host will include a message to this effect in the registration information so that attendees who desire may BYOB. The hosts are expected to provide soft drinks, water, snacks, ice, disposable cups and plates, etc.

The hosts will include all costs associated with the hospitality room in the registration fee.
